

MORNING APPEAL.

Official Paper of Ormsby County
SATURDAY, MARCH 15

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the cheapest of quality. Sharp weight, a 400 or 500 pound barrel. Sold only in cans. ROYAL BAKING POWDER CO., 106 Wall Street New York.

NOTICE IS HEREBY GIVEN

THAT WHEREAS—The Board of School Trustees of Ormsby Co. District No. 1 at a special meeting called to consider the present insufficient accommodations, the lack of facilities for escape from fire and accidents and continual expense for repairs of the Central School Building—Resolved: That in accordance with law, the question of providing means for the purpose of furnishing additional school facilities for said District by the erection of a new, safe and commodious school building, be submitted to the voters of this School District.

SATURDAY, 5th day of APRIL, 1890

Said proposed building to be constructed of brick and stone; to contain all modern appliances for heating, ventilation and sewerage, with special view as to safety and convenience, to be erected on a block of land in the central part of Carson City and at a total expense for land, building, fencing, etc., approximately \$40,000.

It is proposed first—That a tax of 30 cents on each 100 dollars valuation be levied and collected on all property within this school district, the money so raised to be expended for purchase of a block of land, laying the foundation and basement of said school building.

2nd—So ask the coming Legislature to authorize the Board of School Trustees of Ormsby Co. District No. 1, to issue bonds bearing a rate of interest not exceeding six per cent. per annum, and maturing twenty-five years from the date of issuance for the payment of all indebtedness that may occur, not exceeding the sum of \$40,000, less the sum raised by aforesaid tax and sale of school property.

3d—To dispose of the Central School building and real estate connected therewith on the best terms obtainable, as soon as the new building is ready for occupancy. The money derived from said sale to be paid into the County Treasury and used as payments on aforesaid bonds.

TAKE NOTICE.

ON SATURDAY The 5th Day of APRIL 1890 an election will be held to determine whether the tax of 30 cents on each 100 dollars valuation on all property within the limits of School District No. 1 shall be levied and collected for purposes as hereinafore stated.

The ballots will contain the words Tax, "Yes" or Tax, "No". The polling place will be at the Curry Engine House and polls open from 8 a. m. to 6 p. m.

Judges of election:

T. J. EDWARDS,
W. A. HATHORNE,
JAMES G. MEDER.

Plans of the proposed new school building will be exhibited prior to the day of election.

By order of the Board of School Trustees Ormsby County, District No. 1.

W. T. HANFORD,
Clerk.

Language is hardly strong enough to express my admiration of the merits of Chamberlain's Cough Remedy. It is the best remedy for cough and whooping cough I have ever used. During the past eighteen years I have tried nearly all the prominent cough medicines on the market but say, and with pleasure too, that Chamberlain's Cough Remedy is the best of all. How Can Parents

allow their children to cough and strain and cough and calmly say: "Oh! it's only a little cold," and keep giving them cheap and dangerous medicines, until they are down with lung fever or consumption, when they can be so easily relieved by BEGG'S CHERRY COUGH SYRUP? It has no superior and few equals. W. H. Chedic, Druggist.

Dissolution of Copartnership.

Notice is hereby given that the partnership heretofore existing between L. I. McLain and John Furlong has this day been dissolved by mutual consent. John Furlong assumes all indebtedness of said firm of McLain & Furlong, and all accounts due said firm are to be paid to him.

Cough! and Cough! and Cough!! What is the world is the reason you will cough and keep coughing and still keep trying inferior medicines when BEGG'S CHERRY COUGH SYRUP will positively relieve your cough at once! This is no advertising scheme, but an actual fact, and we guarantee it. W. H. Chedic, Druggist.

What on Earth

is the reason people will not, cannot, or do not see any difference in cheap nos trums put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing. W. STORIES BY PRINTERS.

Lying Jim Townsend and Some of His Great Whoppers.

Last evening some old time California types began telling stories of pioneer days on the Pacific Coast, when one of them called up a couple of reminiscences of Lying Jim Townsend, an old and widely known printer and newspaper publisher of California. 'Twas he and Harry Waite who founded the Antioch Ledger. Jim Townsend was the author of the story of how a tunnel, being run through a too shallow hill, was built on stilks, which story Mark Twain afterwards made famous by putting it in his book, "Roughing It."

"I accomplished the greatest feat known in maritime history," said Jim, according to his biographer of last evening, "and this is how I did it. One time I went to Honolulu as the guest of a captain who had the misfortune to die while out at sea. He was buried and the crew held an election and the honors of Captain fell on my devoted head."

"Now this vessel had a cargo of eggs. Eggs were in the hold, eggs were on decks and eggs were piled up around the mast. Eggs were everywhere. Well, sir, my great feat consisted of sailing that vessel, full of eggs, over a thousand miles of Pacific ocean and landing it at the wharf in Honolulu and never breaking an egg shell."

"Then we sailed from there," continued this veteran headman of the truth, "to Acapulco, and all went well enough until we began to hoist sail ready to depart, when some custom officer came out in a round shape sort of a boat to collect from us the usual blood money demanded from all foreign captains in those days. I determined to resist them and hunted around for some means of defense. We had an old blunderbuss of a cannon and plenty of powder, but we couldn't find any shell or shot. Finally an idea struck me. I grabbed up a big old fashioned jack plane lying near the galley and pounded it into the old cannon. I aimed the thing myself and let go. Well, sir, the result was astonishing, even to me. The jack plane struck the ship's rail near the bow and started in to shave around and around at a wonderful rate of speed, generated by the big charge of powder I had rammed into the cannon. The plane kept on in its rapid course around the customs boat and the poor ignorant officers and sailors on board didn't have sense enough to stop it. They all knelt down on the deck and began to pray, thinking that the sight before them was the work of the devil sure. The jack-plane kept right on until a shaving five miles long was floating out to the sea, and soon the water's edge was reached and down went the boat. Every one of them blamed greaser customs officers were drowned and we sailed home."—Seattle Press.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic, and is the best remedy for diarrhoea. Twenty five cents a bottle.

A NEW INVENTION.—A. P. Frechette and P. M. Dupuis have just completed an invention which will revolutionize the methods of dying in hotels. It simply shuts off the gas when the festive rancher or the intoxicated roomer forgets to turn it off and blows it off instead. The instrument is managed on the principle of expansion and contraction by heat and cold. It takes the place entirely of the old burner. When it is opened and the gas ignited, it burns until it is blown out, when the cooling of the mechanism lets down a valve, and within a minute the gas ceases to flow. It can be turned off at will. It has been put to a practical test, and found to work with wonderful exactness. It will be on exhibition at the Carson Exchange this evening.

GOOD MINING PROSPECTS.—S. F. Post; H. M. Yerington, the prominent Comstock mining man, is in town. He speaks very favorably of the mining prospects for the coming year, and also for all business interests in Nevada. There will be a supply of water on hand sufficient for all purposes the year round, and if silver legislation is favorable, which seems probable at present, miners will again be in good demand.

O'NEILL.—Mr. Chas. Fechter has given us his interpretation of the adventurous hero; we doubt if the character of Edmond Dantes has ever received better justice than at the hands of the young actor, James O'Neill. Endowed by nature for the part, he carried it through brilliantly, bringing out the strong points in a most praiseworthy manner.—Alta.

GUITAR LESSONS.—S. A. Liggins the guitarist, is now prepared to take a class of pupils and instruct them in guitar playing.
